

Heavy Duty Hand Operated Siren

The heavy duty hand operated siren is designed to provide effective warning in applications where there is no power supply such as camp sites, civil defence, mountain rescue and coast guard warning.

Powered by rotating the handle, this siren has a plate to shut off the sound once up to speed giving it the ability to produce three different tones.

Robust and compact, the siren can be easily transported to remote locations and folds up to a small size for ease of handling.

Features

- No power supply required
- Robust and compact for portability
- Powerful low frequency sound
- Universally recognised signal
- Shutter mechanism to provide three or more signals
- 120 dB @ 1 metre

Applications - Camp sites; civil defence; mountain rescue; coast guard warning; quarries/ mining
